FLORENCE, SATURDAY, April 16, 1887

THE Yuma Sentinel states that a party of Atchison, Topeka and Santa Fe engineers are in the field surveying a line for a railroad from deep water on the Gulf of California to Yuma, and thence up the Gila to Phoenix and Florence.

THE COURIER says: Governor Zuleik has appointed the following named gentlemen sheep inspectors for their respective counties: Robert Scott, Apache county; Thomas F. McMillan, Yavapai county; John F. Dagg, Maricopa county. All are experienced sheep raisers.

WE received this week the initial number of the Pacific Fruit Grower, a monthly magazine devoted to that interest and published at Los Angeles by Theodore Reynert and Harry Brook, formerly of Pinal, this county. It is an entertaining and valuable publication, and we trust the publishers will reap the financial reward their enterprise and energy deserve.

ACCORDING to the Yuma Sentinel a company has undertaken the project of building a canal from a point on the Colorado river, twenty miles above Yuma, to the Sonora line. The canal will be 40 feet wide on the bottom and nearly 100 miles in length. Two hundred thousand dollars of the required capital have already been paid in. This is the most gigantic irrigating scheme yet undertaken, and if the enterprise is a bona fide one it will take years of work and millions of dollars to complete the undertaking.

THE Globe Silver Belt has entered upon its ninth year, and thus completed eight years of earnest, untiring and effective work in the interest of the section it so ably champions. Independence and boldness have been marked features of the Belt from the day of its birth to the present time, and for this reason, and because of its marked ability, it has grown in the affections of the people. We wish it and its venerable editor, A. H. Hackney, and assistant editor, Mr. Hammel, long life and continued prosperity.

The following circular has been issued by the General Land Office, directed to Registrars and Receivers:

Gentlemen: From and after the 15th day of April, 1887, you will not recognize any attorney or agent for claimants or other parties to any proceedings before you until he has complied with the following regulations:

1. An attorney-at-law who desires to represent claimants or contestants before your office shall file a certificate, under the seal of a United States, State or Territorial court for the judicial district in which he resides or the local land office is situated, that he is an attorney in good standing.

2. Any person (not an attorney-at-law) who desires to appear as an agent for claimants or contestants before your office must file a certificate from a judge of a United States court or of a State or Territorial court having common law jurisdiction, except Probate courts, in the county wherein he resides or the local office is situated, duly authenticated under the seal of the court, that such person is of good moral character and in good repute, possessed of the necessary qualifications to enable him to render clients valuable service, and otherwise competent to advise and assist them in the presentation of their claims or contests.

3. The oath of allegiance required by Section 3478 of the United States Revised Statutes must also be filed by applicants. In case of a firm, the names of the individuals composing the firm must be given, and a certificate and oath as to each member of the firm will be required.

4. An applicant to practice under the above regulations must address a letter to the Registrar and Receiver, inclosing the certificate and oath above required, in which letter his full name and post-office address must be given. He must state whether or not he has ever been recognized as an attorney or agent before this department, or any bureau thereof, or any of the local land offices, and if so, whether he has ever been suspended or disbarred from practice. He must also state whether he holds any office under the government of the United States.

After an application to practice has been filed in due form, the Registrar and Receiver will recognize the applicant as an attorney or agent, as the case may be, unless they have good reason to believe that the person making the application is unfit to practice before their offices, or unless otherwise instructed by the Commissioner or Secretary.

Registrars and Receivers must keep a record of the names and residences of all attorneys and agents recognized as entitled to represent clients in their several offices.

Every attorney must, either at the time of entering his appearance for a claimant or contestant or within thirty days thereafter, file the written authority for such appearance, signed by said claimant or contestant, and setting forth his or her present residence, occupation, and postoffice address. Upon a failure to file such written authority within the time limited, it shall be the duty of the Registrar and Receiver to no longer recognize him as an attorney in the case.

An attorney in fact will be required to file a power of attorney of his principal, duly executed, specifying the power granted and stating the party's present residence, occupation and postoffice address.

When the appearance is for a person other than a claimant or contestant of record the attorney or agent will be required to state the name of the person for whom he appears, his postoffice address, the character and extent of his interest in the matter involved, and when and from what source it was acquired. Authorizations and powers signed or executed in blank will not be recognized.

If any attorney or agent shall knowingly commit any of the following acts, viz: Represent fictitious or fraudulent entymen; prosecute collusive contests; speculate in relinquishments of entries; assist in procuring illegal or fraudulent entries or filings; represent himself as the attorney or agent of entymen when he is only attorney or agent for a transferee or mortgagee; conceal the name or interest of his client; give perjuricous advice to parties seeking to obtain title to public lands; attempt to prevent a qualified person from settling upon, entering or filing for a tract of public land properly subject to such entry or filing, or be otherwise guilty of dishonest or unprofessional conduct; or who, in connection with business pending in local land offices or in this Department, shall knowingly supply as sub-agent, clerk or correspondent a person who has been guilty of any one of these acts, or who has been prohibited from practicing before the Registrar and Receiver or before this Department, it will be sufficient reason for his disbarment from practice, and you are authorized to refuse to further recognize any person as agent or attorney who shall be known to you or be proven before you to be guilty of improper or unprofessional conduct as above stated.

An attorney or agent who has been admitted to practice in any particular land district may be enrolled and authorized to practice in any other district upon filing with the Registrar and Receiver of such district a certificate of the Registrar or Receiver before whom he was admitted to practice that he is an attorney or agent in good standing.

Any unprofessional conduct on the part of an attorney or agent should be reported to the Commissioner at once together with your action in the premises.

Very respectfully,  
Wm. A. J. SPARKS,  
Commissioner.  
Approved:  
L. Q. C. LAMAR, Secretary.

#### Wonderful Cures.

W. D. Hoyt & Co., wholesale and retail druggists of Rome, Ga., say: We have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salve for two years. Have never handled remedies that sell as well or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by J. D. Rittenhouse.

#### Los Angeles.

Theodore Reynert and Harry Brook, formerly of Arizona, have established a commission and purchasing agency at Los Angeles, and will give their careful and prompt attention to all business entrusted to them. Information concerning real estate, produce, or other matters cheerfully furnished.

Southern California offers attractive inducements for investment at the present time and is the cheapest market for Arizona to purchase in.

Persons having good cattle ranches, productive mines or agricultural lands for sale at a moderate price are invited to send particulars. The highest Territorial references furnished. Address Reynert & Brook, 141, East First street, Los Angeles.

#### A Suggestion to the Traveling Public.

Tourists, emigrants and mariners find that Hostetter's Stomach Bitters is a medicinal safeguard against unhealthful influences upon which they can implicitly rely, since it prevents the effects of vitiated atmosphere, unaccustomed or unwholesome diet, bad diet, or other conditions unfavorable to health. On long voyages, or journeys in latitudes adjacent to the equator, it is especially useful as a preventive of the febrile complaints and disorders of the stomach, liver and bowels, which are apt to attack natives of the temperate zone sojourning or traveling in such regions, and it is an excellent protection against the influence of extreme cold, sudden changes of temperature, exposure to damp or extreme fatigue. It not only prevents intermittent and remittent fevers, and other diseases of a malarial type, but eradicates them, a fact which has been notorious for years past in North and South America, Mexico, the West Indies, Australia and other countries.

Mr. E. Bowen, brother of Foreman Bowen, of the Silver King mine, left for New York this week to take unto himself a wife. Mr. Bowen is one of our worthiest young citizens, and the young lady is to be congratulated upon her choice. We could not ascertain the name of the intended bride.

Mr. Jesse Brown, who was here attending court this week, received a telegram from his wife, who is visiting California for her health, that she is in a precarious condition. He will go to see her. Mr. Brown recently moved down to Pinal from Silver King and has opened business in the building occupied by the late Jotham Hunt.

Among the visitors at the county seat this week were the following well known gentlemen from Pinal and Silver King: Fred R. White, Everett Macy, Frank G. Hauser, John D. Bailey, Chas. Murray, C. F. Bennett, Oscar Whitlow, J. Suter, L. K. Drain, John A. Treatle, William Bley, John Woolven, Chris Petersen, John Lagomastino.

Messrs. Ezekiel and Bower have sold the Mammoth Wedge to Captain Johnson, superintendent of the Mammoth company, for \$1,000. This property adjoins the Mammoth mine on the north-easterly corner, and is said to be a very promising prospect. The demand for properties in the Mammoth district is increasing. This is a good indication.

Mr. M. F. Ruggles, who was here from Pinal this week, is talking of erecting a new dwelling house upon the lot just north of his father's orchard and vineyard. This statement must not be taken as an indication that Millard has matrimonial intentions. He simply has a little surplus cash and thinks he could make good interest upon it by building a tenement house.

Mr. Frank Atwood, who had spent the winter at Silver King, left for his home in New York Monday. He has been making King his winter home for several years past, and finds that as an sanitarium it has no superior. This view is endorsed by Dr. Thos. Kinnaird, who has been located at Silver King several years and carefully studied its climatic conditions in the winter.

Dressmaking and Sewing.  
Mrs. D. W. Cummings has leased the residence formerly occupied by Mr. D. C. Stevens, near the school house, and opened therein a first class dressmaking and sewing establishment. She will cut, fit and make dresses and do all kinds of plain and fancy sewing at the most reasonable rates and guarantee satisfaction.

Our new signal service apparatus arrived this week, and hereafter the Enterprise will publish regular weekly reports of the temperature. We are indebted to Mr. D. S. Thomas, President of the canal company, for the instrument and apparatus. The personal friendship existing between him and Lieutenant Glasford, the third in rank in the signal service, enabled him to procure the instruments from the government.

We stated some weeks ago that an English company was negotiating for the Mammoth mill and mine, and that the present owners had agreed to sell them a half interest upon the condition that they should build a tramway from the mine to the mill and make the latter a 100-stamp mill. The sale has been consummated and the work of making the stipulated improvements will soon be commenced. With these improvements completed and in operation, the Mammoth will be one of the largest gold producers on the Pacific coast, and place Pinal county in the front rank of gold producing districts.

Mr. Frank Merrill and Miss Dorcas Phyl, of Pinal, were married on the first day of April, but the wedding was so quiet it escaped the notice of our report up to this date. Mr. Merrill has been employed at the Silver King mill for some years, and is a sober, industrious man who is bound to win success in life. He is highly esteemed by those who know him. The bride is one of the most estimable as well as one of the most accomplished young ladies in Pinal, and Mr. Merrill is to be congratulated upon his good fortune in securing such a jewel. The Enterprise hopes the young couple will have a happy and prosperous future.

From Mr. Ed. Reed, who came in from the Caledonia camp Tuesday, we learn that the company's smelting plant has been completed and is ready to commence the reduction of ore as soon as the requisite water supply shall have been obtained. This requirement will, he thinks, soon be met, as the volume of water in the company's new well is largely increasing as the drift now running from the bottom of the well goes forward. The well is 175 feet deep. Mr. Reed also states that the company now has twelve men employed in extracting ore, and that there is a very large amount of it upon the dumps and an abundance in sight in the mine.

#### Order of Sale.

In the Probate Court of the county of Pinal, Territory of Arizona.  
In the matter of the estate and guardianship of Walter W. Bailey and Lela J. Bailey, minors.  
Order to show cause on application of guardian for order of sale of real estate.  
On reading and filing the petition of Wm. E. Guild, the guardian of the persons and estates of Walter W. Bailey and Lela J. Bailey, minors, praying for an order of sale of certain real estate belonging to his said wards, for the uses and purposes therein set forth, it is hereby ordered that the next day of the said wards, and all persons interested in the said estate, appear before this court on Monday, the sixteenth day of May, 1887, at 10 o'clock a. m., at the court room of this court at Florence, in the county of Pinal, then and there to show cause why an order should not be granted for the sale of said estate.

And it is further ordered that a copy of this order be published at least three successive weeks before the said day of hearing in the Florence Arizona Enterprise, a newspaper printed and published in said county of Pinal at Florence.  
Dated April 15, 1887.  
LEVI RUGGLES,  
Probate Judge.
